

# **NOTIFICATION OF ROAD CLOSURE**

## **A836 LAIRG to ALTNAHARRA**

From Monday 25<sup>th</sup> October until 23<sup>rd</sup> December there shall be a partial closure of the A836 from Lairg to Altnaharra. This will allow us to safely carry out necessary road widening along the single-track road to ensure the abnormal loads can access the Creag Riabhach wind farm.

Advance notice signage as show below will be placed at Lairg, Dalchork, Altnaharra, Tongue and Syre.

We understand the inconvenience this will have on the many road users, but we hope this advance notice can minimise this impact and we shall always endeavor to allow traffic to pass when safe to do so.

The signage has an emergency contact should there be a requirement to pass through the road during the working hours.
